Reminders

- Land border crossing between Kazakhstan and Kyrgyzstan hard to gauge waiting time, require flexibility.
- This is an eco-tourism tour; team members will have up close contacts with the locals, entering their homes and participate in their daily activities. Please respect local culture and make meaningful communication/ cultural exchanges.
- Some days stay at yurt camp, for those used to urban living, the comfort level may seem compromised. Multiple sharing in yurt, some lack shower facility or modern toilet. These are part of the authentic experiences of the reality on the ground; please

face them with open-mindedness and understanding.
- For topography reason, weather in Kyrgyzstan varies from place to place, and the day and night temperature gap is huge; temperature could range from 5 Celsius to 32 Celsius. Mindful to keep warm and apply sun protection.
- Malaysian and Singaporean visa-free

Hardship Level: 3★

- Include soft adventure activities such as short trek in canyons/ mountains, and horse-riding over pasture and high passes.
- Outdoor activities require some stamina, advisable to train your fitness level before departure.
- Some places lack of modern toilet may need to make “bush stops” to answer nature’s call in the wild.
- During horse-riding, mid-way yurt camp (1N) without shower facility.
- The trip involves journeying through some bumpy unpaved road, if raining, vehicle may get stuck in muddy pool.
- Unpredictable weather in mountainous areas, sometimes scorching sun, at times rain or hail, one may experience 4 seasons in a day.
